What is COBRA?

The Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA)

Federal law requires employers to offer continuing healthcare benefits to qualified beneficiaries (QB)—at their own expense—who would otherwise lose benefits.	Qualifying events (QE) include employment termination, reduction in hours, or certain other events.	Applies to employers with 20 or more employees.	Depending on the event, coverage could continue for 18 or 36 months after the initial date of the event	Employers must communicate to employees the right for continued benefits when there is a QE.
