

Above & Beyond

Here's a voluntary benefit solution that offers IRA services to employees looking to:

- Put more money away than currently allowed in the retirement plan
- Open an after-tax Roth IRA
- Open an IRA for their spouse
- Consolidate retirement savings accounts held at other institutions

Simple & Accessible

Employees have single sign-on, 24/7 access to their IRAsselect account along with your company-sponsored retirement plan.

Employees call the same friendly customer service team with questions about their retirement plan or IRA. One company. One call.

Easy & Portable

IRA Accounts are extremely portable and may be transferred to another IRA or rolled over to another employer's plan.

We help employees aggregate their retirement accounts (like 401(k)s, 403(b)s, IRAs, etc.) into one easy-to-manage account.

Affordable

IRASselect is intended to supplement your retirement savings plan. There are no costs to the employer for this value-added service.

Plus, employees enjoy the discounted costs of group benefits for their individual IRASselect services.
